

Tonse N. K. Raju
Program Officer, ISPCTN

Environmental influences on Child Health Outcomes (ECHO)
Office of the Director, NIH

April 6, 2022

Applications:

The following ECHO-ISPCTN Components can apply: ISPCTN clinical sites, DCOC.

We will allow one application per parent award submitted by the site PI.

The site contact PI applies on behalf of the candidate and submits it electronically through

The application must state the NOSI #: **NOT-OD-22-077** in the Agency Routing Identifier Field (Box 4B) of the SF 424 (R&R) Form. Without this information in Box 4B, the application will not be considered for this initiative.

The ECHO Program Office will not consider applications that fail to meet all terms of this Notice.

Evaluation

ECHO Program Office will evaluate applications based on 1) the candidate, 2) the mentorship and training plan, and 3) the research proposal
